To whom it may concern,

I am writing with information about the Canadian Women's Periodical Index. In recent months, we have been analyzing our subscription lists and have found that multiple copies are being sent to various institutions.

According to our records, your institution is an Educational Institution Member of the Canadian Research Institute for the Advancement of Women (CRIA-W) and therefore should be receiving one subscription of the Canadian Women's Periodical Index. In past years, we have been issuing two sometimes three copies of the index to different addresses at the same institution. This practice is expensive and wasteful. In an effort to serve you better and live within limited fiscal realities, we believe that we have come up with a workable solution.

Ideally, within the terms of the Educational Institution Membership agreement, we want to issue one copy of the index to the most appropriate department at your institution. With issue #3 of volume 6 we have made some arbitrary decisions about where to mail the index and we are seeking your feedback about the appropriateness of this selection.

At your institution we mailed Volume 6, issue 3 to:

The following addresses include those who previously received copies of the index:

I urge you to talk with your colleagues and then let me know if the index should be sent to a different address than the one indicated above.

If you find that your institution requires more than one copy of the index, an additional subscription will be required. Let me know and I can issue a copy of issue 3 and an invoice for volume 7.

Thank you in advance for your time and considerations.

Yours sincerely,

Pat Rasmussen
