CANADIAN WOMEN'S PERIODICALS INDEX

Introduction

This index is intended as a tool for researchers, community workers, lecturers, students, people involved in Women's Studies and anyone else needing current information on Canadian feminist writing and research.

It is prepared by a process (Key Words Out of Context) which takes key words from titles and sorts them alphabetically. The format lists the search terms on the left hand side of the text, followed by the full title, author(s), and publication details - the information necessary to help the user choose and locate relevant articles.

Because titles provide the data on which the index is built, its usefulness relies on meaningful titles. We do, however, supplement the basic procedure occasionally by adding a single descriptor term (RE), which is also indexed alphabetically. In addition, to meet specific researcher needs, we index the author field so that author names will appear in the index column, and in the case of book reviews add the year the book was published in square brackets after the year of the review. Finally, words which carry no information when standing alone are suppressed and do not appear in the index.

You will find a list of the periodicals which are regularly scanned at the front of the index. If you know of relevant publications which do not appear on the list, we would be glad to hear from you - send us a copy of the table of contents with pertinent articles marked and they will be included in the next issue of the index. In this way, by drawing on the expertise and specialized knowledge of feminist researchers across the country, the index will become even more current, relevant and useful - we need your help to do this! We also invite publishers of periodicals to send us copies for inclusion in the index.

This issue, Volume 8, Number 2, contains information on articles published in Canadian women's periodicals during the period August 1 1992 to November 30 1992, plus items selected from a list of academic and popular journals over approximately the same period. In addition you will find information on articles appearing before this time which were not available for inclusion in previous issues - likewise, material from this period which didn't reach us in time will be included in the next issue.

INDEX DES PERIODIQUES FEMINISTES AU CANADA

Introduction

Cet index se veut un outil pour les chercheur-e-s, les organismes communautaires, les professeur-e-s, les étudiant-e-s, les personnes intéressées par le Programme de la femme, et quiconque a besoin d'information récemment mise à jour sur les écrits et la recherche féministe au Canada.

Le procédé utilisé ressort les mots-clés des titres et les classe par ordre alphabétique. Les termes de recherche sont placés à gauche du texte, suivis par le titre au complet, l'auteur, et toute l'information nécessaire pour aider l'usager à choisir et trouver l'article dont il elle a besoin.

Etant donné que nous utilisons les titres pour bâtir l'index, ils sont utiles dans la mesure où ils sont significatifs. Nous ajoutons donc au besoin un seul terme descripteur qui est également répertorié alphabétiquement. De plus, pour répondre aux besoins spécifiques de certain-e-s chercheur-e-s, nous incluons le domaine de l'auteur de façon que son nom apparaisse à la colonne de l'index, et nous insérons après la date de publication des comptes-rendus, l'année de publication du livre, entre parenthèses carrées. Finalement, tous les mots qui ne sont pas significatifs hors contexte, sont supprimés et n'apparaissent pas à l'index.

Vous trouverez au début de l'index, une liste des périodiques consultés fréquemment. Si vous connaissez des publications pertinentes qui ne figurent pas à la liste, veuillez nous les soumettre en nous faisant parvenir une copie de la table des matières et en cochant les articles en question. Ils seront inclus dans la prochaine édition de l'index. De cette façon, en profitant de la compétence et des connaissances spécialisées des chercheur-e-s-féministes à travers le pays, l'index sera toujours à jour, pertinent et utile. Nous avons donc besoin de votre aide! Nous désirons aussi inviter les éditeurs à nous envoyer des copies de leurs périodiques pour qu'ils figurent à l'index.

Cette parution, le volume 8, numéro 2, couvre la publication d'articles dans des périodiques féministes canadiens du 1er août 1 1992 au 30 novembre 1992, en plus d'articles sélectionnés dans des publications académiques et populaires. Vous trouverez également des renseignements au sujet d'articles parus avant cette période, que n'étaient pas disponibles jusqu'à maintenant, ou qui ne nous sont pas parvenus

This index is published three times a year, in September, January and May, and is available on a subscription basis. We encourage you to subscribe, to give us feedback and to suggest additional publications. You will find a form in the back of this issue to help you do all this. Our greatest hope in producing the index is that it will be useful to you, and that it will help to raise the profile of Women's Studies, feminist scholarship and community-based, feminist research.
