2) Saul
Hol. Bujinsky & blacks in Chicago
green among or red among to the
reported in the area.

unions in Chicago the
run of work

man's name is Saul Alinsky
uses the strength of the system
against it.
He's I've read a magazine article
about a Gale Cinetta a
fascinating woman also of Chicago
who did something about the
lack of mortgage to the banks
would give to houses in
red. She got a law passed
forcing the banks to meet
the credit needs of low
moderate income communities
& information act that
forced the bank to reveal
the or disclose their
figures on loans in low
housing areas.

Not the same as our
problem - we are not
dealing specifically with
banks, but with government
We have figures on how
less tax money is returned
to Alberta than to Ontario

That is our revealing
or disclosure figures. ours
~~by~~ revealed by the govt.
own collection & expenditures
figures. We in effect have
disclosure but can't do
anything about it

But if on one day all
western Canadians or even
half Western Canadians
demanded a transfer of their own
federal bonds to provincial
bonds, ^{to keep their own and that's not getting} Alberta's ^{money} issued
some or to term deposits
in the Treasury Branches
This would have a dramatic
effect on the govt like
publicly of the West's
needs would be dramatic

I believe Sol is an activist
who also picketed banks.
That's not our speed. I don't
think. Betty is so glib against

his own Federal cabinet he might not be targeted

President Reagan is right & the
fuzzy thinking ^{lovely unconcerned} carriers & placard
~~peace placard~~ carriers are wrong.

If you think back you will ^{cast} never
find a democracy beginning a war.

It is always brought on by a well
dictator or absolute monarch whether
it be ⁱⁿ the ^{first} war by a Kaiser, the
second by a Hitler the Japanese by
an emperor or ⁱⁿ the ^{fall} ^{of} ^{the} ^{blanks} ^{or} ^{more} ^{recently} ⁱⁿ ^{the} ^{fall} ^{of} ^{the} ^{blanks}.

~~The dictators do not~~ ^{or more recently in the fall of the blanks} ~~by a dictator~~

of Russia
is the
world's
largest
dictatorship

The countries Russia has recently
attacked were ^{all} disarmed. They were
not attacked because they had
arms but because they didn't

The Cluses & Peace lovers don't
march against ~~really~~ ^{seriously} ~~fast~~ ^{ask} the

dictatorship Russia to ~~stop~~ ^{never} ~~or~~
disarm. They ~~boycott~~ ^{they never} ~~the~~ Russian

goods, carry ~~no~~ ^{alleging innocent persons} placards saying
Russia stop, they don't spend

money on flooding, Russia with
mail or radio messages or

joining the many Peace Corps
they could. ~~if they were true~~

~~peace lovers~~ ^{They instead suggest the} ~~democracies~~ ^{only}

They instead ~~parade~~
against the democracies the
history proven peace lovers

~~not the proven in the past~~
+ ask the peace lovers to disband. It sounds

They
could
do this
- best of
so good
to peace
when it
- because
you get
on TV.

so nice & because you get on TV,

people desperately wanted action
to protect Albertas freedoms both in
property rights + economic security. We
are tired of paying 3 of our taxes
to a government who doesnt
consider we exist ^{+ who are} ~~the~~ ~~decisions~~
~~that are~~ ~~settled~~ before they even ^{ask} ~~can~~
the vote ^{rest of} ~~the~~ ~~Manitoba~~ ~~eastern~~
~~boarder~~. Its taxation without represent-
ation + its unfair to a loyal Alts
Western Canada.

We must ^{demand} ~~seek~~ protection from
our present provincial premiers, of
~~both~~ BC + Alberta + Saskatchewan
who did receive a ~~They~~ ~~all~~ ~~received~~
a mandate to carry on. Now its up
to us to demand they carry on
+ protect our interests + concerns.
