

I previously sent you my article on the
West's concern for loss of democratic rights
in the constitution. I make a last appeal
to you. At the last election ^{by secret ballot} ~~Wesley~~ voters
made a direct appeal for recognition of their
needs. It was ^{totally} ~~utterly~~ ignored by the
liberal party. You were ^{chosen} ~~elected~~ ⁱⁿ opposition but
by now dividing on east-west lines you are
^{now} ~~driving~~ the West into ^{complete further} isolation from
Canada.

Can't you see the West can survive without
you? We have the wealth of resources. We already
have strong provincial governments ^{that are} ~~of~~ ^{proven}
sound financial managers not mere deficit
spenders. With ~~these~~ if we retain our
democratic rights of property, ^{our} ~~civil~~ liberties, ^{position will be} ~~stable~~ ^{secure}
freedom from political oppression or mere
apprehension of insurrection we will survive
& prosper just as West Germany has.

You will be forever ~~in a bound~~ ^{not even having the necessary} ~~on~~ ^{democratic} ~~in the~~
enraptured position ~~lacking even the~~ ^{rights} ~~of~~
necessary democratic rights. I make
a final appeal to you not to drive
the West out.
