Dear Patrick J.

Wrote you a letter to thank you for your nice coverage but decided to take it to Edmonton myself when I spoke there but you were away. So was Andy Snaddon & I got a Bill Thorsall & he didn't think much of me over the phone & said I could bring the letter in. & I hadn't time.

But then I think I sound pretty silly to strangers. Here is my last editorial. I'll give it to the Herald too. I do hope you publish it but if you don't, I won't be hurt you were so generous with the first editorial. Don't describe me as a West-Fed member. I'm at the point where I wouldn't get near Oylmer Snudson unless I had a ten foot pole. I never

was a member at all just a speaker. ~~He~~ Knudson is in trouble but I'm amazed at the strength of the "separatists" so called who want to hear some one who speaks on the constitution in the rural areas. It's growing like wild fire. I must be booked into 11 small towns in the next month.

Hope the holiday didn't relax you too much & you've kept your fighting Irish in form

Ruth Sorman

P.S. The deliver of this message ~~and~~ Mr Len Bland says if you wish to send a punch in the nose or any message he will get it to me.
